# Chemistry 101: my notes

Name: \_\_\_\_\_

Date: \_\_\_\_\_

**The rule:** notes are for future-me. Write the **3 biggest ideas**, in my own words - not every sentence. Watch for the dashed 'Write this down' boxes in class.

## New words (in my words)

| Word | What it means |
|------|---------------|
|      |               |
|      |               |

## Draw it (a machine, a molecule, a cell, anything from class)

## One question I still have
