

CALCULUS 101 · WEEK 2 · CLASS NOTES

# Calculus 101: my notes

Name: \_\_\_\_\_

Date: \_\_\_\_\_

**The rule:** notes are for future-me. Write the **3 biggest ideas, in my own words** - not every sentence. This week the boxes ask 'What's the big idea here?' - write yours first, then check.

## Big idea 1

---

---

## Big idea 2

---

---

## Big idea 3

---

---

## New words (in my words)

| Word | What it means |
|------|---------------|
|      |               |
|      |               |

## Draw it (a machine, a molecule, a cell, anything from class)

## One question I still have

---

---
